

LEMON SQUEEZE NIGHT

LEMON SQUEEZE

12.03.2027

THE PROGRAMME

A TASTE OF CAPRI AT 2,154 METRES.
FRESH, BRIGHT AND WITH A
GENEROUS DOSE OF DOLCE VITA.

Lemons, Mediterranean flavours and that unmistakable lightness that instantly evokes the Italian south. For one night, we swap winter for a taste of summer and bring a little piece of the Italian coast to the heart of the Dolomites. Zesty, elegant and as refreshing as that first sip beneath the Capri sun.

7.30 pm

Meet at the Plan de Gralba car park by the Piz Sella gondola. A warming cup of tea sets the tone for a relaxed start to the evening.

7.45 pm

A special night ride on the Piz Sella gondola. From there, we continue along the illuminated slope beneath the Sassolungo to Rifugio Comici – by snowcat, on your own skis or by sledge. Around the open fire beneath the stars, the evening begins with Prosecco, grilled prawns and calamari fritti.

8.15 pm

In the glow of 1,000 flickering candles and accompanied by live music, we serve an exquisite fish menu.

AFTER DINNER

The night continues: party time until 1.00 am.

AFTERWARDS

Return together to Plan de Gralba by snowcat, on your own skis or by sledge, accompanied by our team. We will be happy to arrange a taxi for your journey home on request.
